

MODULAR DISTRIBUTION SYSTEMS

INSTALLATION
IS A GAME FOR
PROFESSIONALS

 **TECO**[®]
INNOVATING SAFETY

PREASSEMBLED MODULES FOR CONCEALED INSTALLATIONS

MODULAR DISTRIBUTION SYSTEMS FOR **WATER** AND **GAS** INSTALLATIONS

The **K Series** products provide a modern, innovative solution that simplifies the installation of water and gas systems. Thanks to their modular design, they ensure maximum safety while offering fast and convenient assembly, space efficiency, and adaptability to any type of building - whether residential or commercial.

K4 SANITARY DISTRIBUTION SYSTEMS

FAST AND EASY INSTALLATION

The extensive range of pre-assembled modules ensures practical, **fast installation** seamlessly combining efficiency and simplicity.

ACCESSIBILITY

Ideal for concealed water and gas systems with zone-based distribution, the PREASSEMBLED installations are distinguished by the **compact size** and discreet integration into environments.

DESIGN

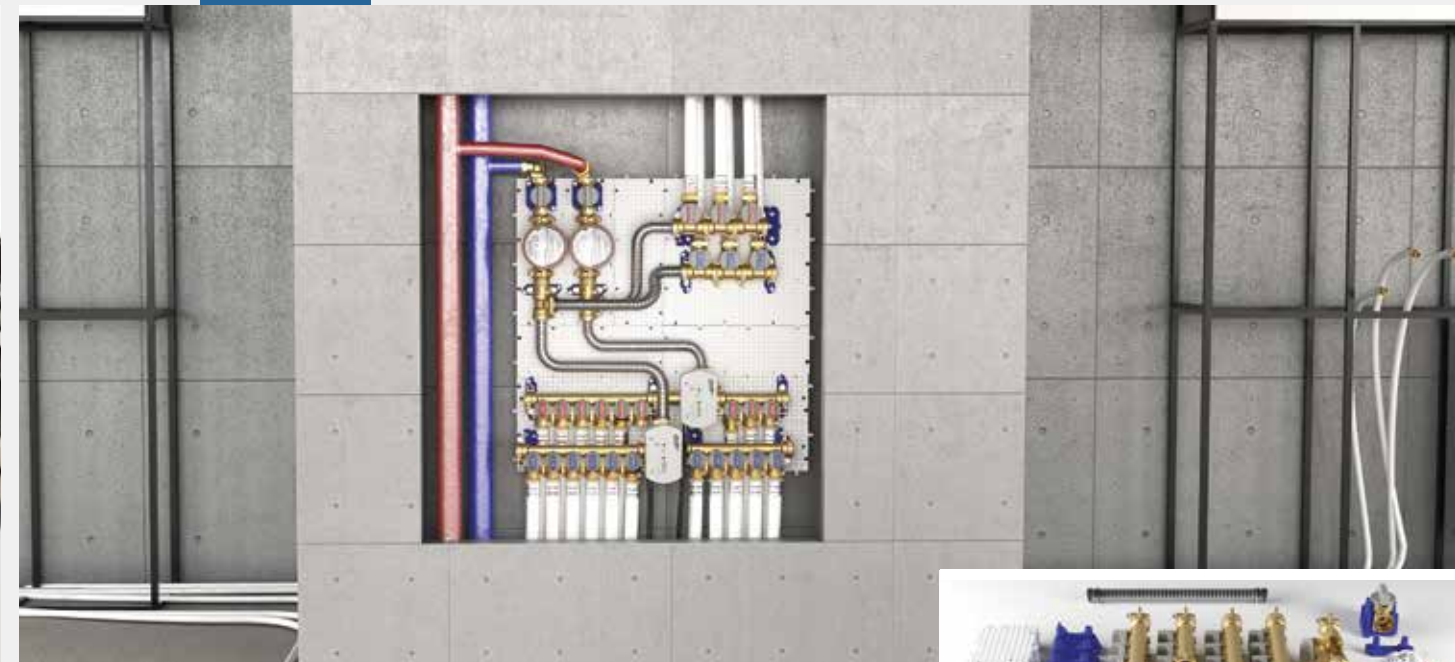

The design cover plates, equipped with a magnetic closing door, ensure a **refined aesthetics** and easy intervention for the end user.

K2 GAS DISTRIBUTION SYSTEMS

ASSEMBLABLE MODULES FOR WALL-MOUNTED AND CONCEALED INSTALLATIONS

K-BLOC® MODULAR AND ASSEMBLABLE SOLUTION FOR DOMESTIC WATER SYSTEMS

FAST AND EASY INSTALLATION

The functional design of the **K-BLOC®** system and its components ensures a clean and organized installation, showcasing the installer's professionalism.

VERSATILITY

A wide selection of modules, manifolds, valves and fittings allows you to **respond to multiple system needs**, both in new construction and in renovations.

EFFICIENCY

The **K-BLOC®** system allows a **quick installation**, even outside the construction site, improving productivity.

INNOVATIVE INTEGRATED TECHNOLOGIES

TECOFIX

Fastening system for components: robust, quick and precise.

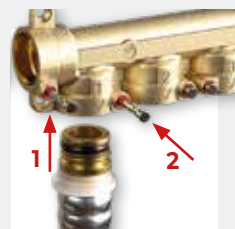

SOFT TURN SHUT-OFF

Valves with anti-blocking sphere, operable even after long periods of inactivity.

VALVES WITH OPTIONAL MOTOR

With the **E100** actuator, water shut-off can be managed conveniently even remotely.

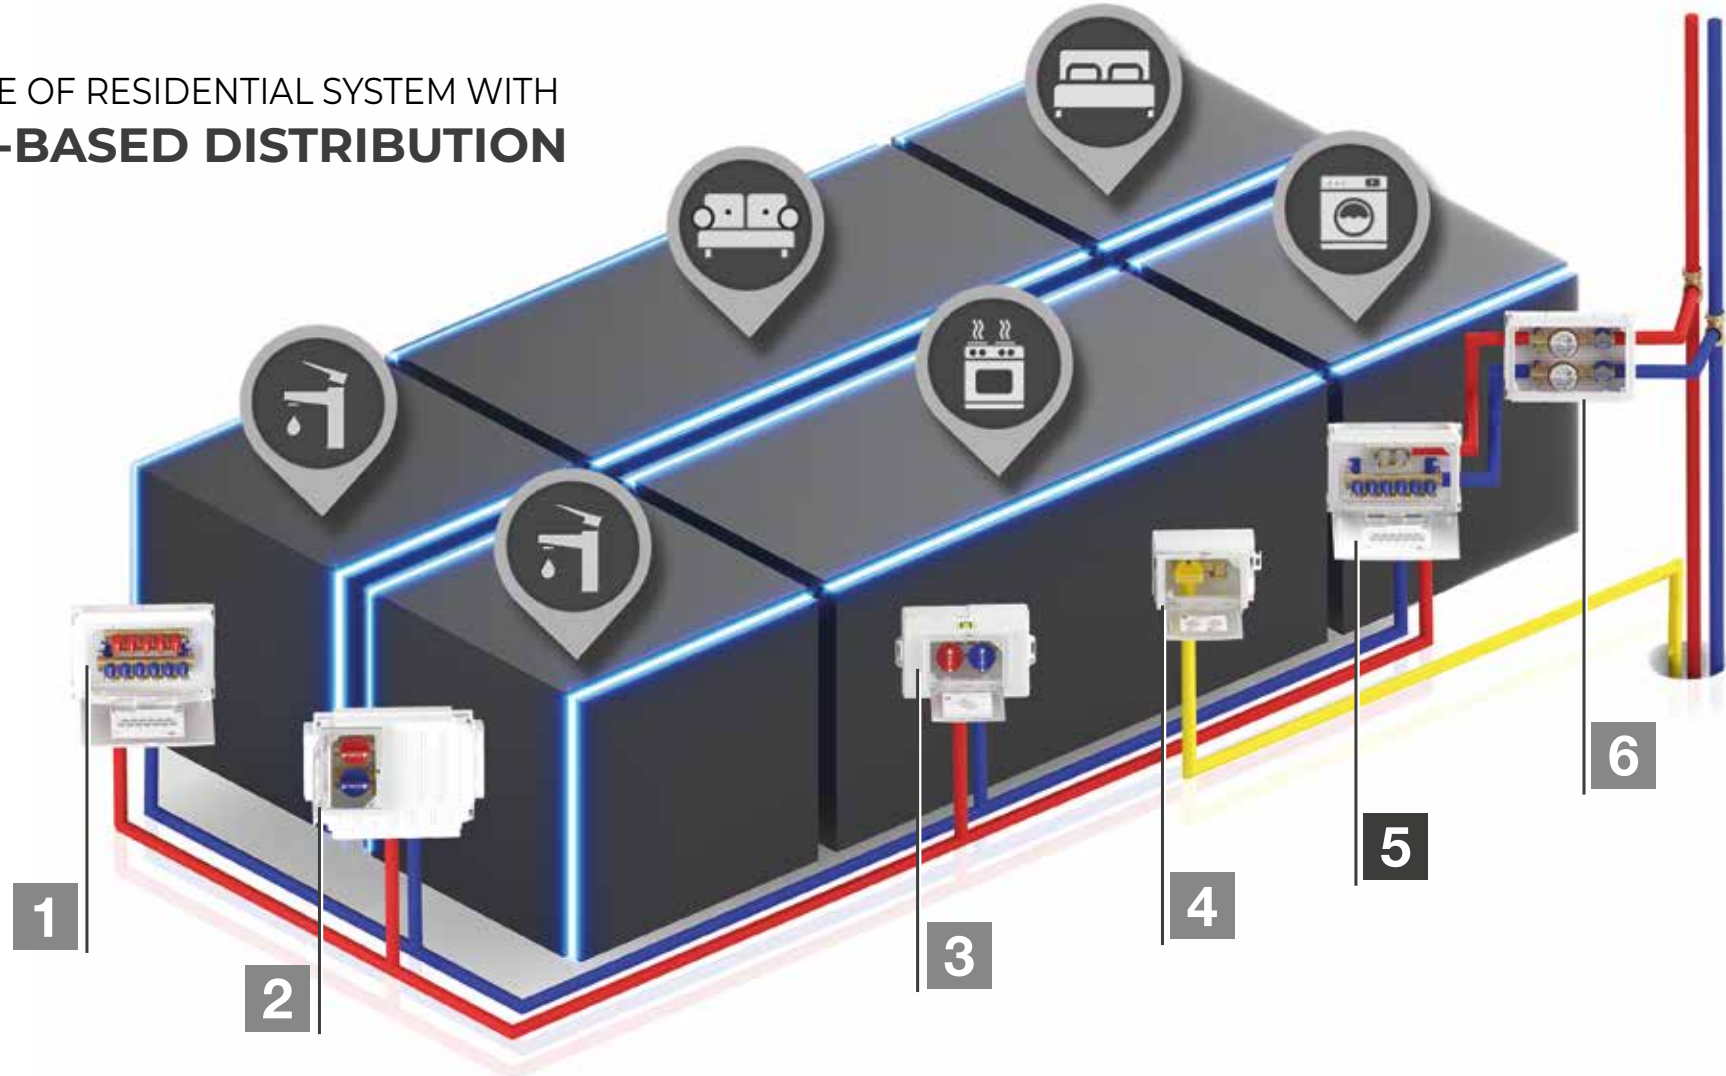

FASTEC® CONNECTION

Quick and safe connection system, without the need for tools and with no margins of error.

TECO's sanitary distribution systems have obtained DVGW and WRAS compliance certification, demonstrating total reliability.

EXAMPLE OF RESIDENTIAL SYSTEM WITH **ZONE-BASED DISTRIBUTION**

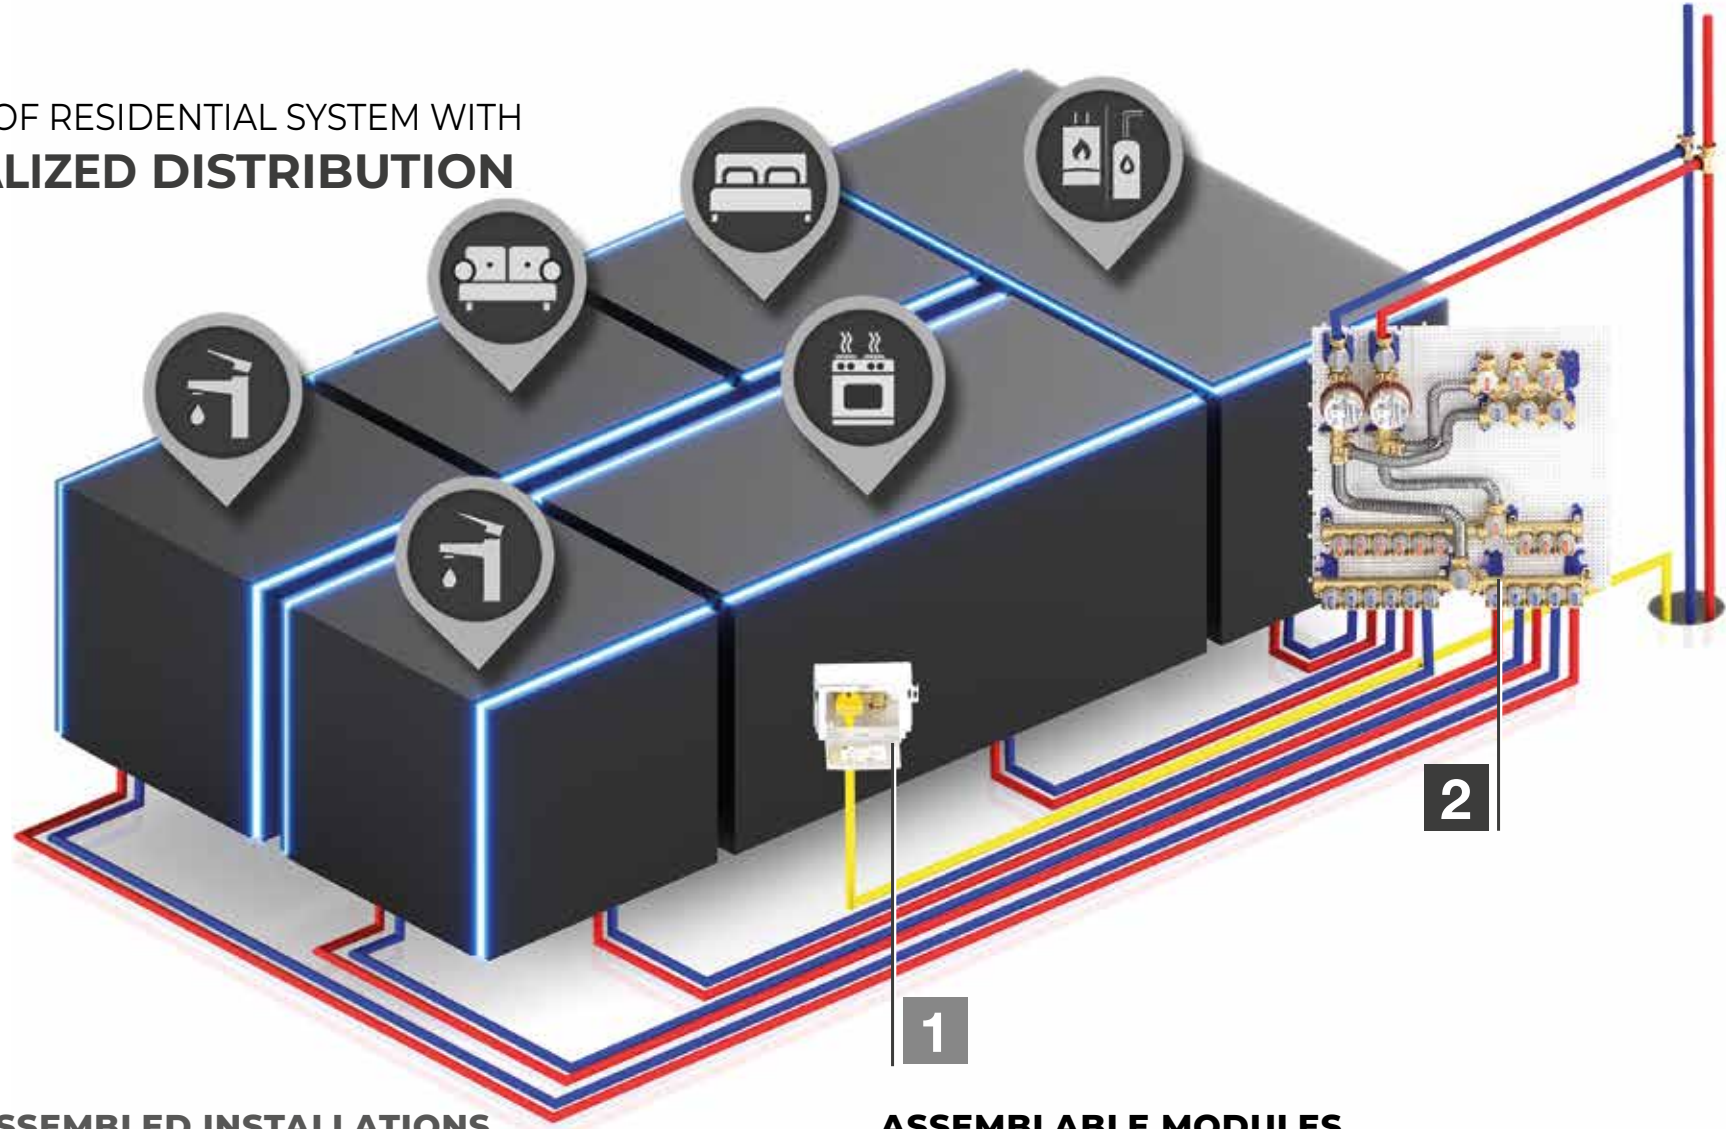

PREASSEMBLED INSTALLATIONS

- 1 FLUSH-MOUNTING MULTIPLE SHUT-OFF DOMESTIC MANIFOLD KIT UP TO 7+6 OUTLETS (**K4.3**)
- 2 DOMESTIC WATER MANIFOLD KIT WITH FLUSH-MOUNTING MAIN SHUT-OFF VALVE (**K4.2**)
- 3 CONCEALED SHUT-OFF VALVE (**K4.0**)
- 4 CONCEALED GAS SHUT-OFF VALVE (**K2.1**)
- 6 WATER DOUBLE METER KIT (**K4CC DUO**)

ASSEMBLABLE MODULES

- 5 **K-BLOC® - CUSTOMIZED** FLUSH-MOUNTING MULTIPLE SHUT-OFF SANITARY MANIFOLDS (6+2 outlets)

EXAMPLE OF RESIDENTIAL SYSTEM WITH **CENTRALIZED DISTRIBUTION**

PREASSEMBLED INSTALLATIONS

- 1 CONCEALED GAS SHUT-OFF VALVE (**K2.1**)

ASSEMBLABLE MODULES

- 2 **K-BLOC® - CUSTOMIZED** CONFIGURATION FOR METERING AND DISTRIBUTION OF HOT AND COLD SANITARY WATER

PREASSEMBLED MODULES FOR CONCEALED INSTALLATIONS

K4

CONCEALED KIT
FOR SANITARY
SYSTEMS

MANIFOLDS

K4.3
Multiple shut-off manifold (up to 7+6 output).

K4.2
Domestic water manifold with flush-mounting main shut-off valve.

VALVES

K4.0
Kit with dual flush-mounting shut-off valve.

K4E
Single shut-off kit with valve for optional motor.

METERS

K4CC DUO
Flush-mounting metering kit with two volumetric meters and valve for optional motor.

K4CC MONO
Flush-mounting metering kit with single volumetric meter and valve for optional motor.

**COVER PLATES FOR
K4 and K2 SERIES**

Cover plates with magnetic closure. Available in the following finishes:

White

Silver

Black Soft Touch

Polished chrome

K2

CONCEALED KIT
FOR GAS
SYSTEMS

MANIFOLDS

K2.2
Two outlets multiple shut-off gas manifold.

K2.4 - K2.3
2/3 outlets gas manifolds with general shut-off.

VALVES

K2.0 - K2.1
Flush-mounting gas shut-off valves.

FITTINGS

Complete range of fittings.

ASSEMBLABLE MODULES FOR WALL-MOUNTED AND CONCEALED INSTALLATIONS

K-BLOC®

MODULAR AND ASSEMBLABLE SYSTEM FOR
SANITARY AND HYDRONIC INSTALLATIONS

CK3
MULTIPLE SHUT-OFF
MANIFOLD

CK2
MANIFOLD WITHOUT
SHUT-OFF VALVES

T4 - T4E
MOTORIZED VALVES

K-BLOC®

OFF-SITE PRE-ASSEMBLY

K-BLOC® modules

can be preassembled easily off-site, thus simplifying the subsequent installation.

WATCH THE
VIDEO >>

TECOFIX

With the **plates (and the boxes)** **1**, **fastening brackets** **2**, and **components** **3**, customizable modules are created for any system requirement.

THE FINAL RESULT IS A ROBUST AND ORDERLY SYSTEM.

FASTEC® CONNECTION

Allows you to create **quick links** both between the hydraulic components and the pipes, ensuring **high standards of safety and durability**. Significantly reduces assembly times and installation, ensuring reliability over time.

COMPACT THE FUNCTIONAL AND COMPACT DESIGN makes K-BLOC®

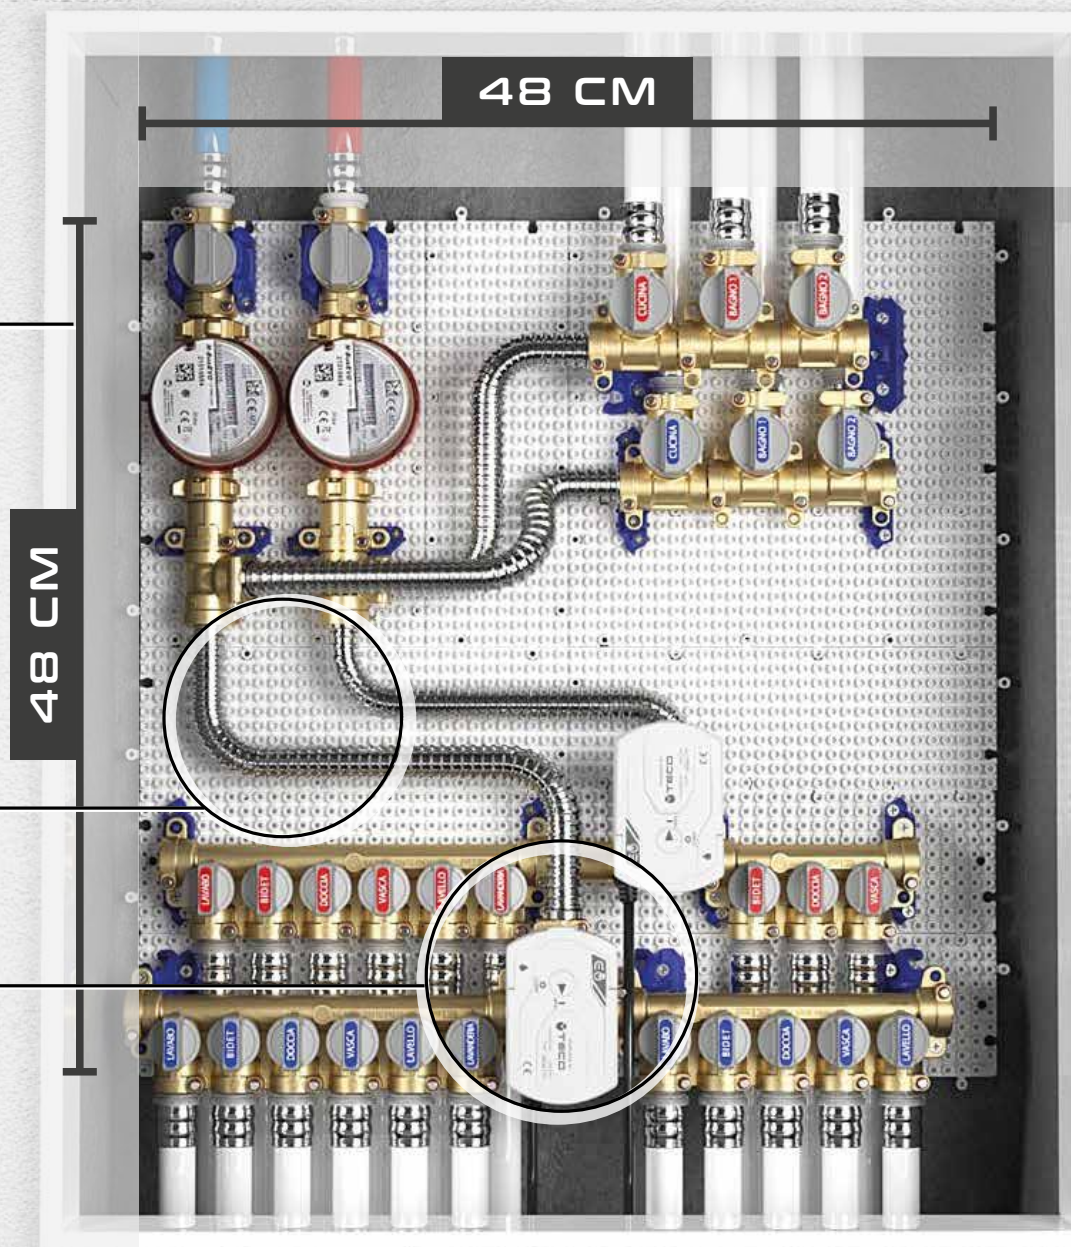

ideal for the integration in ducts and for the centralised distribution of the system.

CORRUGATED FASTEC®

The semi-rigid corrugated stainless steel pipe **simplify connections** between the various modules.

MOTORIZABLE

With the E100 actuator, to manage **water SHUT-OFF** comfortably. Also **remotely**.

EXAMPLES OF CONFIGURATION FOR WALL-MOUNTED INSTALLATIONS

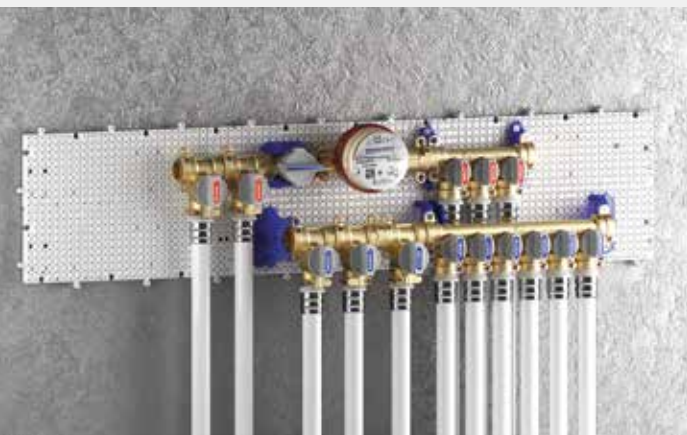

MULTIPLE SHUT-OFF SANITARY MANIFOLD

With motorizable general valves.

SANITARY MANIFOLD WITH MOTORIZED T-VALVES

SANITARY MANIFOLD DISTRIBUTION GROUP

- Hot water: manifold with metering and recirculation.
- Cold water: manifold and derivations for other zones.

CONFIGURATION OF SANITARY WATER INLET WITH FILTER AND BY-PASS

(MOTORIZABLE VALVES)

EXAMPLES OF CONFIGURATION FOR CONCEALED INSTALLATIONS

BOX WITH MOTORIZED SHUT-OFF, METERING AND MANIFOLD

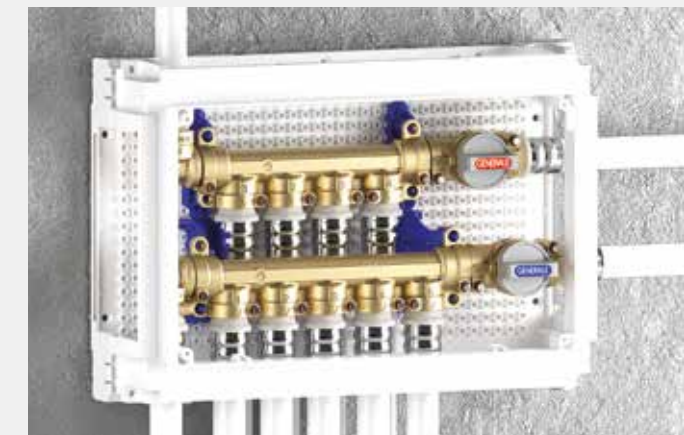

BOX WITH MOTORIZED STRAIGHT VALVES

(CUSTOMIZABLE with
DN15/DN20 FASTEC or
threaded versions)

BOX WITH METERING AND VALVES

- (CUSTOMIZABLE
- pressure reducer
 - Y-filter
 - out of range components)

BOX WITH SANITARY MANIFOLD AND MAIN SHUT-OFF

(CUSTOMIZABLE 3 to 5
outlets)
